

Tiffin University

Academic Policies

for Full-time Undergraduate Students on the Tiffin Campus

Academic Warning

Any full-time Tiffin campus student whose semester cumulative grade point average falls below the minimum level will be placed on Academic Warning and must meet with a success coach for one hour each week of the academic semester.

Academic Probation

Any student whose cumulative grade point average for the number of semester hours attempted falls below the minimum level will be placed on probation. A student placed on academic probation will become ineligible to participate in inter-collegiate athletics (except for up to five hours per week in conditioning and/or study tables), musical groups and ensembles (except for Concert Band and University choir), cheerleading, theatrical productions, or to hold elective office in a campus organization throughout the probationary period. Full-time Tiffin campus students on academic probation must meet with a success coach for one hour each week of the academic semester. If, at the completion of additional twelve semester hours attempted, the cumulative grade point average shows no improvement, the student will be academically dismissed.

Academic Standing

Students must maintain the following minimum cumulative grade point average to remain in good academic standing:

Full-Time Students (minimum of 12 credits per semester)

Semester hours attempted	Minimum GPA
24-47	1.80 (See also Minimum Academic Progress Policy below)
48-71	1.90
72+	2.00

Academic Dismissal

A student may be dismissed from the University for at least one semester for:

- Failure to attain a minimum cumulative grade point average to remain in good academic standing after being placed on academic probation.
- Receiving a failing grade in four or more courses in any semester of attendance at Tiffin University.

Minimum Academic Progress Policy

To increase the likelihood of graduation, it is important for students to acquire a specific set of skills as early as possible. This policy is intended to provide an incentive for students to prepare themselves for success in advanced-level courses.

At the completion of 48 semester hours of academic work, including transfer credits, students must have completed 13 semester hours in the Knowledge Skills Core distributed as follows:

Writing and Composition	6 hours
Mathematics	3 hours
Information Technology	3 hours
Freshman Studies	1 hour

Students who fail to complete these courses upon completion of 48 hours of academic work will be placed on academic probation and declared ineligible for all extracurricular activities, including intercollegiate athletics, until such time as all of the above courses are completed. Students may also have their financial aid, including Title IV aid, terminated until these courses are completed.

Students who fail a knowledge skills course twice will be automatically placed on academic probation. A third failure will result in dismissal from the university.
